

Does NZ have a 240 kWh battery?

There is also at least one commercial operation in NZ: Counties Energy now has a functioning 240 kWh battery (made from 18 Nissan Leaf batteries). The battery charges during low-demand off-peak times and powers the two EV chargers at the site.

Can a Leaf battery be replaced in New Zealand?

There are no large-scale systems exist for LEAF battery replacement in New Zealand. Enough vehicles are being scrapped (i.e. written off by insurers) to ensure a steady supply of batteries that can be installed into other vehicles. Contact one of the companies listed below that can do the installation. DIY?

What is the 2022 Nissan Leaf 40kW range?

We took the base model 2022 Nissan Leaf 40kW for a week to test it out as a daily commuter. What's In The 2022 Nissan Leaf Range? New Zealand sees two models of the Nissan Leaf, separated only by battery size. The 40kW model has a WLTP range of 270km provided by a 110kW electric motor that pumps out 320Nm of torque.

Does a new 40 kWh battery follow the same degradation curve?

Note: Newer 40 kWh Leafs (2018-) are not following the same degradation curve. Telematic data from FliptheFleet shows a flattening off of degradation (consistent with other modern NMC batteries). New battery in a Leaf with maximum range.

Will e-NV200 have a 40kWh battery?

In saying that, we haven't forgotten all of the e-NV200 owners out there and we are currently prototyping an awesome 40kWh battery design with enhanced thermal management specifically as an upgrade for e-NV200s that originally had a 24kWh battery. What does RED, BLUE, and GREEN mean? 16 Blade has three planned variants named RED, BLUE, and GREEN.

Is a 40kWh pack compatible with a 2016-2017 Nissan Leaf?

Perhaps coincidentally, in late 2019 Nissan USA released a 40kWh pack pre-programmed to be compatible with 2016-2017 Leafs which were originally fitted with 30kWh packs. This clearly goes against their earlier claims. At this point their official upgrades do not extend to earlier 24kWh Leafs. You can learn more about this over on our news page.
