What are emergency solar power generators?

Also known as emergency solar power generators, these environmentally friendly kits are safer to store and use than traditional gas generators. They can be a literal lifesaver during SHTF situations, power grid outages and outdoor excursions gone wrong. They help you prepare for the unexpected, get out further, and stay out longer.

Which solar generator is best for emergency backup power?

Our favorite solar generator for emergency backup power is the EcoFlow Delta Pro. It combines a fast solar charge time with a generous 3.6 kWh capacity, can directly power your home's electrical panel, and supports additional batteries for a total capacity of 25 kWh. Better yet, it's not even the heaviest or most expensive option on our list. Max.
