BOS Balance of Storage Systems AG feiert 10-jähriges Jubiläum und Eröffnung des neuen Firmensitzes in Ulm mit Tag der offenen Tür. Veröffentlichung: 18.11.2024, 10:53. Von:

The BOS system one provides a plug-and-play solution for achieving energy independence with renewable energy from solar panels. The system seamlessly integrate solar power, diesel power, utility grid, and lithium energy storage to provide European grid-like quality.

BOS system pro is a modular energy solution designed for the complex needs of commercial, industrial, and mini-grid environments. With scalable lithium battery storage that ranges up to 400 kWh per system--and the capability to implement projects in the MWh area--this system ensures a reliable, long-lasting power supply for diverse operational needs.

The BOS battery S integrates a high-performance Battery Management System (BMS) that follows the charging cycles and capacity of the battery. Hence, the objective is to fully understand each battery and prevent possible adversities.
