

Countries in the Economic Community of West African States (ECOWAS) will expand access to grid electricity to over 1 million people, enhance power system stability for another 3.5 million ...

SummaryLocationOverviewOwnershipTimelineOther considerationsSee alsoExternal linksSanankoroba Solar Power Station is a 200 MW (270,000 hp) solar power plant under construction in Mali. The power plant is in development under a public private partnership (PPP) arrangement between the government of Mali and NovaWind, a subsidiary of the Russian conglomerate Rosatom. The output of this solar farm is expected to be sold to the national electric utility, Energie du Mali (EDM-SA), for integration into the Malian national grid.

This project will be implemented in urban and rural areas. In Bamako, and regional cities, it will involve rehabilitation, upgrading, densification and extension of distribution networks in ...
