

Spanish-based renewable energy developer X-ELIO has announced the launch of its first utility-scale battery energy storage system (BESS) project in the U.S. The BESS project has a total capacity of 60 MW ...

15 February 2023; Vulcan and BASF have signed a Memorandum of Understanding (MoU), in the presence of Daniela Schmitt, Minister of Economic Affairs, Transport, Agriculture, and ...

Texas, USA, 23 February 2023. X-ELIO, a leading developer of renewable and sustainable energy worldwide, has launched its first utility-scale Battery Energy Storage system (BESS) ...

In December, Energy-Storage.News reported that Germany-headquartered multinational chemical company BASF was among investors in a US\$13 million Series B funding round for ESS Inc, which is BASF's latest ...

The team of BASF Stationary Energy Storage supports you in finding the appropriate energy solution for your individual use case. We are selling stationary batteries based on the proven ...

The installation is one of three that NGK Insulators is supplying NAS battery equipment to in South Korea for demonstration projects with its global distribution and technology partner, BASF Stationary Energy Storage, ...

BASF Stationary Energy Storage GmbH and NGK Insulators (NGK) have recently introduced an advanced container-type NAS (sodium-sulfur battery) battery energy storage system "NAS MODEL L24 ". ... thereby ...

The facility plans to use thermal energy storage combined with on-site solar power to decarbonize process heating operations, resulting in a product with 70% lower carbon intensity compared ...

BASF has a bold decarbonisation strategy which matches many of the world's leading economies in targeting net zero emissions by 2050. Central to this transition is the use of technologies, which will replace fossil fuels with ...

BASF will develop and market energy storage systems based on sodium-sulfur (NAS) batteries in South Korea in partnership with power-to-gas company G-Philos. The European chemicals company's subsidiary, BASF ...

In 2023, we built a stationary long-term sodium sulfur-based storage system (NAS #174;) at our Schwarzheide site in Germany. It supports the power supply of individual systems via the plant's own solar park. Together with NGK ...

BASF Stationary Energy Storage GmbH (BSES) is a wholly-owned subsidiary of BASF SE. BSES is the exclusive distributor of the NAS#174; batteries and co-develops the NAS#174; technology ...

NGK INSULATORS, LTD. (hereinafter, "NGK") announces that it has an order from BASF Stationary Energy Storage GmbH (hereinafter, "BSES"), a subsidiary of German chemical manufacturer BASF SE. and has ...

"With the NAS MODEL L24 our customers will be able to reduce their initial investment in battery storage system as well as save on long-term project costs, approximately 20% over project lifetime," Frank Prechtl, ...
