LISTA electrical cabinets are perfect for the safe, personal storage of battery-powered devices of all kinds. These robust all-rounders are idea for offices and administrative functions, schools, universities and other public buildings.

Before buying a battery charger to go in your cabinet, check the packaging on your battery charger to ensure that it meets Australian safety regulations. Many battery chargers don't meet these standards and can increase the risk associated with lithium-ion battery recharging. Your Batteries are Often Lost, Stolen or Damaged

batteries--and battery chargers. It's all too easy to end up with a half dozen chargers and extra batteries sprawled out across your benchtop. Our solution to keeping a gaggle of different battery chargers organized, neatly stored and plugged in is to build a wall-hung cabinet especially for them. This charger cabinet
