

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who installs the Orange Gallery Solar System?

We (The Orange Gallery) were the first official grid-tied system in Belize. Our system was installed by SESB and we have been powering our operations with free energy from the Sun for a few years now. We love it and are happy to recommend SESB!" Which solar system is right for me?

What does the Belize Chamber do?

Founded in 1920, the Chamber has been consistently championing the causes of its private sector constituency and considers among its primary objectives the social and economic development of Belize through the development of all sectors of industry, commerce and services.
