

What is a Sunny Tripower hybrid inverter?

The Sunny Tripower Smart Energy hybrid inverter is the two-in-one system for supplying solar power at home. With this, SMA has combined smart technology and integrated services to create a compact, space-saving system, drawing on more than 30 years of experience in storage.

What is Sunny Tripower smart energy?

With Sunny Tripower Smart Energy, users can easily and conveniently generate, use and store solar power. It is possible to make additions to the system at any time, incorporating e-mobility or heat pumps. The integrated battery-backup function safeguards the household electricity supply even in the event of a grid failure.

How to connect Sunny Tripower smart energy to SMA home storage?

If an installation cable is not used, the individual cable ends must be provided with a 12 mm long bootlace ferrule. To connect the Sunny Tripower Smart Energy to the SMA Home Storage, you must use an RJ45 adapter for the plug connection. The adapter is included in the scope of delivery of the battery.

SUNNY TRIPOWER 5.0 / 6.0 / 8.0 / 10.0 SMART ENERGY The beating heart of any home The Sunny Tripower Smart Energy hybrid inverter is the two-in-one system for supplying solar power at home. With this, SMA has combined smart technology and integrated services to create a space-saving compact system, drawing on more than 30 years of
