

What is BMZ power4home?

With POWER4HOME, BMZ offers an advanced and reliable energy supply for home use. With its slim design and simple plug & play installation, the storage system is suitable for both indoor and outdoor use. Its modular design allows the capacity to be expanded up to 106.8 kWh.

What is BMZ evolution Center doing?

More than 230 engineers at the BMZ E.Volution Center are currently developing all the components of a modern high-performance lithium-ion battery. More than 230 engineers at the BMZ E.Volution Center are currently developing all the components of a modern high-performance lithium-ion battery. From concept to series production

How is BMZ implementing new electricity concepts?

New electricity concepts are also being further developed by the BMZ Group. The electricity flat rate on the establishment and use of a communal cloud is already being implemented and can be implemented through many years of experience and technological partners.
