Who is BMZ Group?

The BMZ Group has over 30 years of expertise in the electronics and battery industries and offers a unique one-stop-shop offering that covers all components of the value chain from a battery to after-sales.

Where is BMZ located?

Independent sales offices in France, UK and Japan serve as contact point for local customers. Not only does BMZ have a leading position in Europe, it is also an important player on the world market in the dynamically growing market for lithium-ion battery systems. The head office of the holding has its headquarters in Karlstein /Main.

What is BMZ's battery technology?

The battery technology is customized and standardized by BMZ. The original development of the BMZ RS began back in 2016 and aimed to offer a complete solution consisting of display, battery and motor. With the start of series production in mid-2019 and the ramp-up to a large number of units per year, the correctness of the concept was confirmed.

Are BMZ batteries good for electric drives?

Many OEMs have already recognized these advantages and are switching to electric drives. BMZ batteries set standards for electric drives. They combine maximum performance with compact dimensions and low weight. Together with our customers we develop customized battery solutions from design to design-to-cost for all application areas.
