Bosnia and Herzegovina best batteries for solar panel storage

The battery can store the extra energy produced from solar panels during the day to avoid using electricity at a more expensive rate. The peak time-of-use (TOU) rates can be double the price compared to off-peak rates. In such a scenario, a solar battery storage system can come in handy for using electricity without having to pay such a high price.

Bosnia's Serb Republic released a tender for granting a 50-year giving in contract for the building of an 80 MW solar energy plant worth an approximated 136.9 million marka (\$73.4 million/70 million euro), the entity's energy ministry stated on Wednesday.
