

Why is Egypt hosting North Africa's largest energy gathering?

Accelerating the transition to cleaner, resilient and efficient energy systems: Home to the world's 4th largest Solar Power Plant, Egypt is gearing up to host the 32nd edition of North Africa's largest energy gathering.

Why should you invest in Egypt's oil & gas industry?

Egypt's oil and gas industry is one of the largest in the region, and the country is investing heavily in exploration and infrastructure development and modernisation to further support the sector, creating a truly dynamic regional energy hub. EGYPEX delivers real buying power from across the world to Egypt.

What is EGYPEX 2022 & COP28?

Following COP27 held in Egypt in 2022 and COP28 in the UAE, the upcoming edition of EGYPEX is set to address international net-zero agendas, and drive thought leadership and collaborations for the sustainable supply and demand of oil and gas, decarbonisation, and highlight the many opportunities that a responsible energy transition will unlock.
