The Capital1Solar Energy Power Spikers are the latest members of the hottest pro league in the country--12th to be exact--and sisters are excited to be part of the family. Milka Romero, who is also the director of the family-owned solar energy company, is also excited to their new venture, hoping they can help elevate the sport to great heights.

CapitalOne Energy Corp. will now be the holding company that will integrate the Romero group's power generation companies, including its renewable energy ventures Alterpower Digos Solar Inc., a 40-megawatt solar power plant in Digos, Davao del Sur, and Fort Pilar Energy, a 100-MW battery energy storage operator.

The Company has constructed a 12MWac solar plant at a cost of approximately \$14 million to improve the quality and security of Blanket's electricity supply and to reduce its environmental footprint. The plant was commissioned in the third quarter of 2022 and provides approximately 25% of Blanket's total daily electricity demand ...
