Collective X, a not-for-profit organisation, is a coordinating intermediary driving a national digital skills strategy to address market failures and unlock scalable, demand-driven solutions. Historically, South Africa's digital skills ecosystem has operated in silos, leading to inefficiencies and a mismatch between skills supply and market demand.

The Energy Collective. The Energy Collective is a global retail energy and technology business. We exist to create and scale digital brands which leverage the power of our proprietary technology platform to disrupt retail markets by outperforming our competitors on both cost and service and allowing all our customers to contribute to the energy transition.
