

Why is the solar market growing in Czechia?

The figures mark a period of rapid growth in Czechia's solar market. The growth has been largely driven by residential PV, with most of the new installations (80,069) being domestic PV plants, supported by the country investing an additional CZK 55 billion (\$2.5 billion) in its New Green Savings program back in March 2023.

Will Czechia reach its solar potential?

As Czechia reaches its solar potential, with impending changes to the country's legislative landscape ushering in greater utility-scale solar array rollouts, over 5,000 attendees - government ministers, industry experts, and key business stakeholders - descended on Prague this week for the 2023 Smart Energy Forum.

How many solar power plants did Czechia build in 2023?

Czechia built around 1 GW of new PV plants in 2023, according to data from the Czech Solar Association (Solání Asociace). In total, 82,799 solar power plants were connected to the grid, with a combined total output of 970 MW. The nation achieved a record-breaking year with 145% growth, connecting 49,000 more power plants than it did in 2022.

How many solar power plants are in Czechia?

A total of 82,799 solar power plants were connected to the grid in Czechia last year. Image: CEZ Group
Czechia recorded a significant increase in installed solar capacity last year, with about 970 MWp of capacity added to the grid. However, the growth was mainly driven by household rooftop solar, according to the Czech Solar Association.

Will solar power ever eclipse nuclear power in Czechia?

Robert Sedmera, a sales representative for Austrian PV manufacturer Fronius, told pv magazine that the company has operated in Czechia since 1991. He said he does not believe the country's solar capabilities would ever eclipse nuclear, but noted that the public appetite is leaning more towards solar and cheaper electricity prices.

Who are the sales representatives of solar solar SRO?

Martin Prívora Sales representative CZ/... Ladislav Krízek Sales representative CZ/... Vlastimil Chaloupka Sales Representative DE,... SOLSOL s.r.o. has been operating on the market since 2012. The company deals with the wholesale of solar panels, inverters and batteries from the world's leading manufacturers.
