

Who is easyli advanced battery systems?

easyLi Advanced Battery Systems |2,135 followers on LinkedIn. Concepteur et fabricant de batteries sur mesure, des solutions de stockage d'énergie Lithium-ion à hautes performances |easyLi designs, manufactures, sells and maintains tailor-made Lithium-ion batteries and turnkey energy storage systems.

What makes easyli a sustainable Battery Company?

Founded in 2011, easyLi's ambition is to work toward a sustainable energy transition by offering high-performance, long-lasting battery solutions. Backed by a team of experts with more than 20 years of experience in the battery industry, we aim for environmental excellence, basing our business model on the #DesignForRepair concept.

Does easyli offer a swappable battery system?

easyLi offers swappable battery systems for urban electric vehicles, enhancing fleet availability without the need for a charging infrastructure. easyLi provides maintenance services to extend the lifetime of their battery products, including repair and upgrade options.

Why should you choose easyli battery repair & reconditioning services?

Optimize your costs with our battery repair and reconditioning services. Ensure optimal battery safety thanks to our 360 Design Control process. Founded in 2011, easyLi's ambition is to work toward a sustainable energy transition by offering high-performance, long-lasting battery solutions.

Expérience : easyLi Advanced Battery Systems ; Lieu : Vouneuil-sur-Vienne ; 117 relations sur LinkedIn. Consultez le profil de Emmanuel Vincent sur LinkedIn, une communauté professionnelle d'un milliard de membres.

Test Engineer ; Expérience : easyLi Advanced Battery Systems ; Formation : ENIB ; Lieu : Poitiers ; 305 relations sur LinkedIn. Consultez le profil de Charbel ELHAJJ sur LinkedIn, une communauté professionnelle d'un milliard de membres.

Expert français en conception et fabrication de batteries sur-mesure, nous vous accompagnons pour finir votre pack batteries et votre système: concevoir la mécanique, l'électronique, le BMS (Battery Management System) associé; pour piloter votre batterie, mais aussi, qualifier les accumulateurs, effectuer pour vous les tests de sécurité; et les procédures de certifications.
