USTDA) Ecostar Energy Boundiali 25 MW ...

Summary Overview Location Ownership Other considerations See also External links EcoStar Energy, an American IPP, is developing BBPS in the town of Boundiali, in northwestern Ivory Coast. The design calls for generation capacity of 25 megawatts, to be sold directly to Ivorian electricity utility company, for integrations into the national grid. The power station will burn agricultural waste from growing cotton, sourced from local Ivorian farmers, to heat water and produce steam. The steam will be used to turn turbines and generat...
