Australia's Woodside Energy has agreed with Impact Oil and Gas to take 65% in the AGC Profond Block in the joint development area between Senegal and Guinea-Bissau. Woodside will take over as operator. Impact will retain 20% and the Entreprise AGC, jointly owned by Senegal and Guinea Bissau, will have 15%. The offshore AGC Profond production-sharing ...

The Organisation for the Development of the Gambia River Basin (OMVG) is inviting expressions of interest from consultants by 16 March for a feasibility study for the construction and operation of an estimated 20MW run-of-river hydropower plant on the Corubal River in the Saltinho area of central Guinea-Bissau (AE 340/6). The project design currently ...

Publication date: 2008, June Author: NA Description: In Guinea-Bissau, the Government has been unable, for many years, to make the necessary investments in the energy sector. As a consequence, the energy crisis constitutes a serious bottleneck that, coupled with other deficiencies in infrastructure (in the areas of transport, communication and water) hamper ...

The African Power Platform aims to connect private and government stakeholders in Africa's power sector. The platform helps circulate and propagate tenders, intelligence and business opportunities to its members. Developers, power producers, ministries, utilities, regulators, financiers, and other like-minded individuals can join APP to share possible solutions and ideas ...

The electricity sub-sector in Guinea-Bissau remains one of the least efficient in West Africa. Serious challenges faced include: (i) discrepancies between supply and demand; (ii) waste resulting from obsolete distribution networks, with a loss rate of almost 47%; (iii) low investments; (iv) the poor commercial and financial performance of the national power utility; and (v) an ...

The government signed a contract with Turkey's Karpowership on 11 October to boost power supply to the capital, Bissau. The contract is for five years, with an option to renew, and is for 30MW, with 18MW to be supplied in a first phase. The O Democrata news site quoted an official of state utility Electricidade e Aguas da Guin&#233;-Bissau (EAGB) as saying energy ...
