

When is the Energy Storage Summit 2025?

Gearing up to celebrate its 10th anniversary, the Energy Storage Summit will return to London on 17-19 February 2025, with the Intercontinental London - The O2 as its new home. workshops, an Energy Storage Academy, an after-party, private networking dinners and much more! 100+ Exhibition Stands 170+ World-Class Speakers Worldwide Audience

Why is energy storage important in the EU?

It can also facilitate the electrification of different economic sectors, notably buildings and transport. The main energy storage method in the EU is by far 'pumped hydro' storage, but battery storage projects are rising. A variety of new technologies to store energy are also rapidly developing and becoming increasingly market-competitive.

Who are the delegates at the energy storage Conference?

Join us in February for the networking event of the year, bringing together over 2000 delegates from across Europe's energy storage value chain, spanning investors, developers, IPPs, banks, government and policy-makers, TSOs and DSOs, EPCs, optimisers, manufacturers, data and analytics providers, consultancies, system integrators and more.

The 2025 Summit will emphasise the vital role of energy storage, exploring both the challenges and opportunities that lie ahead. Recognised as Europe's foremost event in the energy ...
