

What is the Falkland Islands Environment Strategy 2021 - 2040?

The Falkland Islands Government is proud to launch its flagship Environment Strategy 2021 - 2040, which recognises the central and universal role that the natural environment plays in the sustainable development of our health and wellbeing, our economy and our nation as a whole.

Does the Falklands need a new wind farm?

But the Falklands feel it is not enough and besides the current wind farm is reaching its renewal date. No wonder then that notice has been given of the planning applications submitted for the Farm Expansion of Sand Bay Wind Farm to include 3 by E70 Enercon wind energy converters and battery storage. FIG and c/o Glenn figure as the applicant.

Where can I find a plan for the Falkland Islands?

FIG and c/o Glenn figure as the applicant. The plans and details can be viewed at the Planning Office, Secretariat, Stanley and on the Falkland Islands Government Planning & Building Services Facebook page. Anyone wishing to comment on these applications must do so in writing, to the Planning Officer, by 2 February 2024.

Why is the environment important in the Falkland Islands?

The environment is essential for human existence. We rely on our ecosystems to provide us with clean water, air, food and shelter. In the Falkland Islands, the foundations of our livelihoods are reliant on our environment - our key sectors would not exist without our natural resources.
