1 ?&#0183; In Rwanda, where 35% of the population lacks access to reliable electricity, Nano Nuclear Energy is working with the Rwandan government to develop microgrids powered by nuclear ...

Except for Schneider Electric, only product-led developers have completed more than 10 microgrid projects each. This suggests that completing many microgrids can be more easily achieved with a standardized product rather than a technology-neutral approach. One example of a successful product-led approach is the path taken by the Southern Company.
