The company was known as Harken Energy Corporation until 2007. In 1973, the company was founded as an unprofitable collection of Texas oil wells for investors seeking tax write-offs. [3]

What is the Harken Energy scandal?

(September 2016) The Harken Energy Scandal refers to a series of transactions entered into during 1990 involving Harken Energy. These transactions are alleged to involve either issues relating to insider trading, or influence peddling. Although no wrongdoings were found by any investigating authorities, the matter generated political controversy.

Did George W Bush sell Harken Energy?

George W. Bush sold 212,140 shares of Harken Energy at \$4 a share on June 22, 1990, for a grand total of \$848,560. Two months later, on August 20, Harken announced a larger than expected loss for the previous quarter. Surprisingly, the price of the company's stock shares barely declined at first, following these two negative, or "bearish," events.

Why did Harken buy Spectrum 7?

Part of the attraction for Harken's management to purchase Spectrum 7 was having Bush on its board-- his father was then vice-president, he had extensive political connections and knowledge of the oil and gas business. Harken Energy offered Bush a seat on its board of directors along with stock worth about \$500,000 at the time.
