HAWKER® is top brand of industrial lead-acid batteries in the world. Explore our industrial batteries, chargers, and accessories. ... Engineered for optimal active material and acid volumes, ensuring higher energy and extended battery life with estimated life of 1,500-2,000 cycles at 80% DoD, reducing expenses over time. Key Features.

HAWKER® ENERGY-PLUS (TM) BATTERY - The Ultimate Power Source. When your operation depends on a heavy-duty battery--a battery that can stand up and deliver even under the most demanding applications--you can depend on the ...

PowerSafe®; SBS Batteries . Experience the power of advanced thin plate pure lead (TPPL) technology. Now available in market-leading front-terminal capacities, these batteries are designed to deliver exceptionally long life, maximizing total cost of ownership, and providing reliability in telecom, UPS, and industrial applications.

HAWKER® BATTERIES. Hawker® batteries from EnerSys® are the premier combat and tactical vehicle batteries, providing a distinct advantage to our fighting forces. Manufactured with proprietary Thin Plate Pure Lead (TPPL) ...

HAWKER FLEX®; Thin Plate Pure Lead (TPPL) batteries (2V and monobloc) provide significant operational benefits at a lower total cost of ownership compared to traditional flooded, gel or air mixed batteries. Assembled using a thin grid design of high-purity lead, TPPL batteries offer more available power via more plates per bloc and increased plate surface area.

Instead, it can be recycled such as our standard lead products, or even transformed into a different type of battery for stored energy. For example, at the end of its motive life, our HAWKER FLEX® Li3 lithium-ion battery can be repurposed as a reserve power solution for generators, backup power banks, and more.

When it comes to motive power, or finding the right forklift battery for your fleet, you need a flooded

lead-acid power source with all the bells & whistles. Designed for the most demanding applications, the HAWKER® ENERGY-PLUS(TM) flooded, lead-acid forklift battery goes beyond "operating reliably". Read more about the features and advantages.

Dealer Search. HAWKER® is supported by more than 75 authorized sales and service centers, including more than 35 stocking distribution points, across North America. Whether you need new or replacement batteries, replacement cells, charger products, maintenance, or technical advice, there is a HAWKER® Authorized Sales & Service Representative near you.

Hawker® sealed lead acid batteries, manufactured by EnerSys, the global leader in energy storage solutions, have been at the forefront of innovation and technical excellence for more than 40 years. They have evolved and advanced to deliver the improved power and performance required by successive generations of aircraft.

Our Mission. At HAWKER®, we're committed to defining the future of Motive Power through innovative technology and data driven solutions supported by world class customer service, striving to deliver the lowest total cost of ownership, and bringing unprecedented value to our customers, partners, and employees.. HAWKER® is always proactively adapting to our ...

UP TO 20% MORE ENERGY: HAWKER® ENERGY-PLUS(TM) delivers more active material than conventional batteries without an increase in tray size. LOWER OPERATING COSTS: The HAWKER® ENERGY-PLUS(TM) battery ...

TENEMOS LA SOLUCI#211;N A LO QUE NECESITES. Sea que necesite bater#237;as nuevas o de repuesto, celdas de repuesto, productos de carga, asesoramiento t#233;cnico o de mantenimiento, siempre contaremos con una soluci#243;n ya que nuestro servicio t#233;cnico autorizado por HAWKER® cuenta con todo lo que se requiere para dar una correcta respuesta a tus necesidades.

Die Hawker® Evolution-Batterien sind robuste Batterien in Panzerplatten (PzS)-Bauweise, die sich f#252;r den Einsatz in Gabelstaplern, Hubwagen, Elektrofahrzeugen und automatischen Transportsystemen bei Anwendungen mit niedrigem und normalem Energieverbrauch eignen. Diese ventilgeregelten Gasrekombinationsbatterien mit geliertem Elektrolyt eignen sich ideal
