Where will solar power plants be installed in so Tomé?

The company will collaborate with the public utility Power and Water Company (EMAE) to install solar power plants across the country. The first phase of the program will include the installation of solar PV plants at the São Tomé international airport, as well as on the island of Príncipe, with capacities of 1.1 kW and 300 kW, respectively.

4. Solar Panel Issues. While solar inverter problems can stem from the inverter itself, issues with the solar panels can also impact the inverter's performance. Shading or Soiling: Shading from nearby objects or soiling on the solar panels can reduce their output, causing the inverter to operate at suboptimal levels.
