

What is the largest emergency backup power supply system in Hong Kong?

CLP Power and the AA have teamed up to design BESS, the largest emergency backup power supply system in Hong Kong with a maximum power output of 4 megawatts (MW). Its capacity is equivalent to more than 55,000 pieces of 10,000 milliamp hours (mAh) portable power banks.

Why does Hong Kong International Airport need a backup system?

To ensure stable round-the-clock airport operations, Hong Kong International Airport (HKIA) requires reliable electricity supply and installs backup system for emergency purpose. In view of the latest development of the airport, an additional backup supply is needed for the Terminal 1 extension and other facilities.

Who owns CLP Power Hong Kong?

CLP Power Hong Kong Limited ("CLP Power") is the Hong Kong utility subsidiary wholly owned by CLP Holdings Limited, a company listed on the Hong Kong Stock Exchange and one of the largest investor-owned power businesses in Asia.
