

How to build oversized garage battery storage panel

Key Takeaways Solar battery storage keeps the excess energy generated by the solar panels and discharges it when needed. Electricity rates, usage scenarios, and load determine electric ...

310 votes, 235 comments. trueDefinitely agree here with the storage trusses. I didn't build the garage that came with my house but it's a 24 x 36, with the door on the narrow end. The attic ...

I had to build a large 13" double gate and a single 4" gate to make access to the yard easier. Both of these gates are shadow box, 6" wooden privacy fence gates that match the new fence that ...
