What is New Caledonia Energy?

New Caledonia Energy is the entity responsible for developing the project for the new power station that will supply the energy for Soci&#233;t&#233; Le Nickel (SLN). The current power station is nearly 50 years old and is highly polluting. The ultimate goal is to have a carbon-neutral plant by 2030, which would be a world first in the mining sector.

How does Ineco finance work?

Ineco takes care of it all, working alongside a network of trusted solar finance partners who will tailor finance solutions to meet your needs. Typically, Asset finance is repaid over 5-10 years providing financial and environmental savings from day one at the equivalent electricity rate of 5-7 p / kWh.

What is the role of the Caledonian Energy Agency?

The Caledonian Energy Agency's role is to implement the energy transition scheme set out by the government and to contribute to the development of the electrical system. It also promotes the rational use of energy and the development of renewable energies.

When I co-founded Ineco in 2016, I transitioned from a commercial property / IT background to focusing on sustainability. My interest in sustainable energy began three years earlier while ...
