

Just got this headset and the battery just won't stay in the charging station. I've managed to get one of my batteries to stay in for half a second before it flies out and the other won't latch at all.

If you want to charge batteries for Steelseries Arctis Nova Pro Wireless, highly recommend that you take a moment to watch our indispensable video tutorial, which provides a comprehensive guide ...

The new regulations stipulate that a lithium battery cannot be installed in a habitable living area, such as inside a caravan or camper trailer, unless it is placed in a sealed enclosure, or the ...
