

Who is intilion?

It is specialised in the supply and installation of lithium-ion energy storage solutions with storage capacities ranging from 70 kWh to 100 MWh. Both standard and customised solutions are offered for commercial, industrial and grid applications. visit [INTILION.com](https://www.intilion.com)

What is intilion energy storage?

INTILION offers you innovative and clean lithium-ion energy storage solutions for stationary energy storage.

What services does intilion offer?

INTILION offers large-scale storage projects including comprehensive project management services and a full range of grid hookup options (inverter, transformer, switching stations, assembly, and more). The HOPPECKE Group's lithium-ion activities are pooled in INTILION GmbH, a new company with three business fields: trak, grid, and rail.

What is INTILION's mission?

INTILION's mission is to help shape the future together as a team of diverse people. We work with passion and integrity to advance the energy transition and make a sustainable contribution to our society and the environment. We appreciate diversity: every person at our company and in society is valuable.

What is intilion & scalestac?

In June 2022, INTILION Aktiengesellschaft was incorporated through a change of legal form. The INTILION | scalestac is the second INTILION commercial storage system to be optimized for indoor use thanks to impressive energy content scalability (roughly 150 kWh to 1,200 kWh) and performance (25 kVA to 400 kVA in 25 kVA steps).

What is intilion's sustainability strategy?

At INTILION, sustainability is part of our DNA. Last year, we integrated it into our business model with our ESG strategy. This strategy is based on five pillars: Employees, Governance & Compliance, Environment & Society, Customer & Products, and Supply Chain. These pillars form the foundation of our commitment to sustainability.

Paderborn, 26 October 2023. The energy storage provider INTILION and Axpo, one of the largest producers of renewable energy in Switzerland, have successfully completed the first joint project. In Frauenfeld in the canton of Thurgau, the INTILION | scalecube large-scale storage unit with a total capacity of around 3.0 MWh was commissioned for the municipal utility Thurplus. The battery ...
