Solar PV system cost. Ok, let's look at some average solar PV system costs. Considering the capacity of your system, the average price of a solar PV system is between £5,000 and £8,000. For example, if you choose a 3kW system, this will cost around £5,000, while a 5kW system will be closer to £8,000.

Proposals for the very first utility-scale solar farm on the Isle of Man have been released by designer Peel Cubico Renewables (PCR). The 26MW Billown Solar Farm in Malew, near Castletown, would certainly produce enough power to fulfill more than 5% of the Isle of Man's power demand, when functional in 2024.
