

Who uses Scheron power contactor solutions?

Scheron power contactor solutions are widely used by manufacturers and operators of the following equipment: power converter, rail vehicles, traction converters/inverters, PMSM motors, e-buses and e-trucks, marine vessels/ships, DC traction power substations, energy storage systems and ev battery fast charging stations.

What types of DC contactors are available?

A wide range of DC contactors and disconnectors for railway, industrial and energy storage applications. Flexible modular bar contactors for heavy industry. Current limiting circuit breakers for demanding DC and AC applications. CHS Controls offers high performance DC contactors and modular bar contactors from Telarc.

Who uses a contactor?

Power converter manufacturers, car builders, traction propulsion equipment manufacturers, e-bus and e-trucks makers, fast charging stations makers, marine vessels and ships, train operators, DC traction power substation manufacturers and power plants electrical equipment designers count on our contactor solutions for reliable performance.

What types of contactors does Telarc offer?

Telarc offers a wide range of DC contactors and modular bar contactors from 30 to 5000A, for voltages up to 3600V, for AC and DC.

A leading manufacturer of modular vanadium redox flow batteries for energy storage was looking for an alternative to gas encapsulated contactors. The solution used so far led to recurring field failures resulting in system downtime. ...

Energy S.p.A., founded in 2013 by Davide Tinazzi, Andrea Taffurelli and Massimiliano Ghirlanda is a successful Italian company offering energy storage systems (ESS, Energy Storage System), ...

Contactors. Our Contactors are designed according to IEC60077 Rail standard. They can also be used in Industrial application. They can be applied as Line contactors, precharge contactors, filter, APS and many other applications in ...

Vicvac Electronics Technology (changzhou) Co.,Ltd is a leading supplier of new energy intelligent high-voltage safety core components. Its main products include high-voltage DC contactors, ...

600A 12-1500VDC Coil 24V High Voltage DC Contactor for ESS Energy Storage System offered by China

manufacturer AnLaiQiang Tech. Buy 600A 12-1500VDC Coil 24V High Voltage DC ...

CJX2 - Z series DC operating contactors (hereinafter referred to as contactors) are suitable for 50Hz (or 60Hz) AC power systems with rated voltage of 690V and rated current of 95A. The ...

DC contactor. BSBC7-30. ... 30 A Load voltage: 1,000 V... hazardous environments Applications o EV charging station o Energy storage system o Electric Vehicles o Construction machinery o ...

High Voltage DC Contactor Manufacturer in China. Your Reliable High ... it's the ultimate choice for your Electric vehicle, EV charging, photovoltaic power generation, energy storage system ...

DC contactors by Schaltbau are packed with expertise. With excellent isolation parameters they ensure a safe disconnection of the battery unit from the inverter in these storage systems. They contribute to overall efficiency of the energy ...

CJX2 - Z series DC operating contactors (hereinafter referred to as contactors) are suitable for 50Hz (or 60Hz) AC power systems with rated voltage of 690V and rated current of 95A. The ...
