

It has put out tenders seeking engineering and construction proposals for three plants: a 115 MW solar PV plant; a 171.5 MW BESS, or battery energy storage system; and a 12 MW onshore wind plant - totalling ...

Andrew Wheatley, Jamaica's Minister of Science, Energy and Technology, stated that Eight Rivers Energy has broken ground on a 37MW, US\$60 million PV project at Paradise Park, Westmoreland, Jamaica.

In a groundbreaking development for Jamaica's renewable energy landscape, a joint initiative between LASCO, The University of the West Indies (UWI), and the USAID has culminated in the completion of a pioneering ...

Gas to Power Journal is a specialist publication, focussing on the role of gas peaking power plants in the context of the growing deployment of renewable energy sources, and energy storage. It ...

Once upon a time - back in 2015 - we began investing in Montego Bay on Jamaica's northwestern coast. Our first liquefied natural gas (LNG) facility was commissioned just 15 months later, enabling the country to diversify its energy ...

We've floated an innovative idea in Jamaica's Old Harbour, and it is already making waves - in the best way. Commissioned in 2018 and docked 3.6 miles out at sea, our offshore Old Harbour Facility features a Floating Storage & ...

Jamaica Bay Peaking is ranked #52 out of 116 natural gas power plants in New York in terms of total annual net electricity generation. Jamaica Bay Peaking is comprised of 1 generator and ...

Lighting and energy company FosRich is partnering with Huawei Fusion Solar to deliver battery energy-storage systems. The state-of-the-art systems are scalable to deliver up to 200 megawatt hours (MWh) of ...

Jamaica Public Service Company Limited (JPS) is inviting applications for engineering, procurement and construction services of a 115 MW utility-scale solar plant, 171.5 MWh battery energy...

A project in Jamaica, pairing utility-scale solar with battery energy storage at a microgrid could become "a model for other countries in the Caribbean and beyond", the head of the country's main utility has said. Multi ...

The energy storage solution will have power readily available, which will be utilised in case solar and wind renewable systems suddenly lose power due to cloud cover, reduced wind or other issues. ... the 24.5MW ...
