We have more than 50 staffs including 10 personnel in research and development department, our annual production for balanced car battery module is more than 2 million sets.

Jan Mayen has no permanent residents and visits to the island are rare. In fact, we're one of the few to attempt landings here. If conditions allow, you'll be setting foot in one of Earth's most remote places. Jan Mayen's surreal, moss- and lichen-streaked landscape is dominated by the Beerenberg volcanic cone.
