If you follow us on social media or subscribe to Lamprell's news, you're likely aware of our recent contract awards from RWE, a leader in renewable energy. These are significant awards for our company and will keep our serial production line, the only such facility in the Middle East, occupied for at least two years.

The strength of the market is reflected in the significant increase in the Lamprell's Renewables bid pipeline year on year, with further growth expected. Climate change is a major driver for the energy transition and Lamprell is well placed to take advantage of these many new prospects.
