Home Alpiq Group Media Relations News & stories. Am&#233;d&#233;e Murisier starts as new Head of Switzerland. 03/01/2024, 09:55.

Financial Review. In financial year 2023, the Alpiq Group generated a very good result in a stabilising market environment. The new integrated steering of the Alpiq Group along the value chain, the adapted risk-return approach and the focus on core competences and core markets initiated in 2021 contributed significantly to this result.

Alpiq Ltd. Group: results of operations (before exceptional items) Adjusted to reflect the aforementioned exceptional items, results of operations at EBITDA level were down by CHF 35 million compared to the previous year to CHF 219 million. ...

The Alpiq Group generated operational EBITDA of CHF 302 million in the 2021 financial year, exceeding the previous year by CHF 40 million. Swiss power production did not reach the previous-year level, which was primarily due to maintenance work at the Leibstadt nuclear power plant being postponed and taking longer than planned.

The Alpiq Group's operating activities are exposed to strategic, operational and financial risks, in particular liquidity, credit and market risks (energy price risk, foreign currency risk and interest rate risk). The principles of the Group's risk management policy are established by the Board of Directors. The Executive Board is responsible for their development and implementation.

Lausanne/Molina de Segura/Madrid -- Alpiq, Campillo Palmera and Ecoinvertol announce their strategic collaboration in the development of a pioneering green hydrogen initiative in the industrial heart of Molina de Segura, Murcia.
