

Who is H2Go power?

H2GO Power |9,340 followers on LinkedIn. Developing and delivering hydrogen energy storage for zero-emission, reliable and safe power supply |H2GO Power is a pioneering cleantech company. We develop and deliver hydrogen energy storage technology for zero-emission, safe and reliable power supply, with a range of commercial applications.

How many directors does H2Go Power Ltd have?

H2GO Power Ltd has been running for 8 years. There are currently 3 active directors according to the latest confirmation statement submitted on 3rd August 2022. Developing safe and low-cost hydrogen production and storage technologies.

What is H2Go power's hyai platform?

H2GO Power will be using its AI platform, HyAI to provide optimisation of the interdependent variables required for a potential green hydrogen production facility, such as offshore windfarm sizing, electrolysis capacity, transport and storage capacity, water availability and offtake optionality.

What is H2Go power doing at cop28?

As H2GO Power is present at #COP28, what is better than the announcement of contract awards by Equinor and SSE plc to advance the work on one of the largest green hydrogen projects in the world, Dogger Bank D. Dogger Bank D, a joint venture between Equinor and SSE. It is being advanced with both power and green hydrogen as potential end products.

Why should you invest in H2 Energy Storage?

Flexible shape and design Our valuable IP portfolio of innovative H2 energy storage technologies gives us the freedom to operate across multiple applications in the power and energy market. Innovation on the material front; highly porous nano-particle based smart material that combines production, storage and controlled release of hydrogen

Could a green hydrogen facility be the UK's largest green hydrogen project?

The green hydrogen facility, could become one of the UK's largest green hydrogen projects and, subject to supportive Government policy and supply chain alignment, could contribute to the UK Government's electrolytic hydrogen ambitions for 5 GW by 2030.

Insolvency for H2GO POWER LTD (09139481) More for H2GO POWER LTD (09139481) 1 Insolvency case. Case number 1 -- In administration . Administration started 23 August 2024. Practitioner Paul Ellison Unit 8 The Aquarium, King Street, Reading, Berkshire, RG1 2AN. Practitioner

H2GO Power's technology enables it to develop and sell hydrogen energy storage systems for UAVs/Drones

and "Plug & Play" stationary power units at large scale. Safe, solid-state proprietary technology eliminates the need for ...
