

Rowan Energy is building the largest network of interconnected decentralised energy assets in the world. All of these assets are linked together by the custom-built Rowan Blockchain. Decentralised energy sources are added to the network by connecting them to our blockchain through our SmartMiner device.

The Rowan Energy Customer Portal system is incredibly easy to use. Once you have the SmartMiner installed you can log into your portal account where you will see all the information you need, as well as options to redeem your Reward Points. The SmartMiner itself is designed so that it doesn't ordinarily need to be interacted with.

Malta's clean energy as a percentage of total consumption has increased from 2.8% in 2012 (when records began being taken) to 12.2% in 2021, translating to an increase of roughly one percentile ...

Nevertheless, Malta's efforts in energy efficiency post-2020 will seek to achieve cost efficient energy savings in the relative sectors whilst taking into account the effective potential. Malta will strive to continue decreasing the overall energy intensity of its economy and uphold its obligations under the Energy Efficiency Directive 2012 ...

CAMBRIDGE, Massachusetts - February 24, 2021 - Malta Inc., a pioneer in long-duration energy storage, today announced it has raised \$50M in a Series B round of funding. The financing was led by integrated energy group Proman with participation from new investor Dustin Moskovitz and existing investors Alfa Laval and Breakthrough Energy Ventures.
