Mantis Innovation delivers better facility sustainability and performance outcomes through: Energy procurement and strategy, including risk management and renewables; Facility asset management, including proactive tactics for budget ...

I used Mantis Energy to produce a detailed energy report for our large Edwardian property. I was extremely impressed with the attention to detail and the effort that went into producing a very useful document. We now have something that we can use to make informed decisions about how to improve the energy efficiency of our property with each ...

Mantis Energy can complete a pre-tendering, procurement and post tender analysis to ensure each project has
