SunArk Power has been developing quickly, till end of 2022, accumulatively, the company has manufactured 620MWh BESS and battery strings. Internationally, SunArk Power FlexCombo DC coupling microgrid ESS, from 50kW to 500kW, is a well-known trademark that more than 300 sets has been deployed in EU, US, Canada, Brazil, Myanmar, African countries etc.

We also chose SunArk for the all-in-one machine, as its power meets our needs. The SunArk team has been actively solving our problems and doubts during the transaction, and their service is also very good. The all-in-one machine has a good price-performance ratio, so we finally decided to purchase them together.
