

Who is Midnite solar?

Company Profile MidNite Solar is an innovative manufacturing company that started by making high-quality, cost-effective AC and DC disconnect boxes for the alternative energy industry. Now, MidNite produces a wide range of alternative energy products. A new line of MidNite products being developed is the MNB17-F5 and the MNB17-F3.

What types of inverters does Midnite use?

MidNite features SMA, Schneider /Xantrex and Magnum Energy Inverters in our pre-wired systems, providing a wide range of solutions for residential and commercial projects. MidNite Solar is the largest manufacturer of combiner boxes in North America from the MNPV3 to the MNPV10-1000.

What makes Midnite solar unique?

MidNite Solar's commitment to innovation is evident in our use of state-of-the-art technology in both our inverters and MPPT controllers. Our Rosie inverter offers the surge power of a low frequency inverter, with the added benefit of reduced weight.

Does Midnite solar offer a DIY inverter & charge controller?

MidNite Solar has just added a new line of DIY Inverter and Charge Controllers. The DIY line comes with a warranty fully backed by MidNite and as always, the best technical support team in the business at an exceptional price.

Does Midnite offer a battery based system?

MidNite offers a full line of pre-wired, battery-based systems for standalone off grid, battery-based grid tie, as well as AC coupled battery backup installations. MidNite features SMA, Schneider /Xantrex and Magnum Energy Inverters in our pre-wired systems, providing a wide range of solutions for residential and commercial projects.

Is Midnite a good solar battery line?

The DIY line comes with a warranty fully backed by MidNite and as always, the best technical support team in the business at an exceptional price. Compatibility with virtually any battery chemistry and fully adjustable set points make this line diverse enough for nearly any small residential solar application.
