

How many employees does Nofar energy have?

Presently, Nofar Energy boasts a global workforce of 200 employees, each contributing to the success of major renewable energy and energy storage projects. To name just a few of our achievements, Nofar is a global leader in the C&I solar market, with over 1,500 projects across Italy, Israel, and the USA, that generate 350 MW of renewable energy.

What does Nofar energy do?

The company expanded its efforts beyond Israel. Today, Nofar Energy includes an extensive portfolio of over 2,000 projects and subsidiaries across seven countries, both in Europe and America, and major renewable energy and energy storage projects, generating over 1,000 MW of renewable energy.

Does Nofar energy have a fixed-price flexibility purchase agreement (FPA)?

Nofar Energy (TASE: NOFR), a publicly traded global independent power producer (IPP) specializing in renewable energy and battery energy storage systems (BESS), has secured a groundbreaking 7-year fixed-price Flexibility Purchase Agreement (FPA) for its Stendal Battery Energy Storage System (BESS) project in Germany (104.5 MW / 209 MWh).

What does the Stendal Bess agreement mean for Nofar energy?

This landmark agreement not only ensures a predictable income stream for the Stendal BESS project but also strengthens Nofar Energy's position in the global energy storage market. The fixed-price FPA guarantees a consistent and stable revenue stream, removes exposure to market fluctuations, and provides greater financing flexibility.

We remind that at the end of October 2023, the Israeli companies Nofar Energy and Econergy officially inaugurated the largest photovoltaic park in Romania and South-East Europe - Ratesti solar project. The project has a capacity of 155 MW and represents an investment of EUR 102 million. It will provide green electricity to around 100,000 ...
