

1 o Multi-Color Graphic Laminates
 2 o Engraved Plastic Tags
 3 o Engraved Metal Nameplates

Most panel builders make engraved plastic tags because they were the standard for twenty years. Engraved plastic tags work fine and are durable, but they are not as flexible as multi-color graphic laminates. Engraving sheet plastic has two color layers. The engraver cuts away the top layer to expose the bottom layer. You can only produce simple shapes... See more on OEM panels.
