Why is off-grid living so popular in Ireland?

Off-grid living is becoming increasingly popular in Ireland for a number of reasons, including the affordability and efficiency of renewable energy systems including home solar panels. With the reduced cost of photovoltaic (PV) solar panels and wind turbines over recent years, it has never been more feasible.

What is an off-grid Solar System?

Typically, off-grid means electricity generation systems, with solar panels being the most popular. These solar panels capture sunlight and convert it into electricity. But it's not just about generating electricity; you also store it for later use at night or on cloudy days. Besides, this is where batteries come into the picture.

What are the best off grid solutions in Ireland?

For small scale wind turbine and solar panel kits we provide the best off grid solutions in Ireland. All our products are Low Wattage < 2kW Works like a generator but without petrol. Rechargeable lithium battery instead Read our Privacy Policy.
