

Petroleum Development Oman (PDO) and its parent Energy Development Oman (EDO) are developing a project in the northern part of the Block 6 concession in Oman that will include 100 MW of solar power ...

In addition to being a wonderful fragrance, rose water can also be used as a delicious seasoning for food. In Oman, desserts, in particular, are made with a bit of rose water. Good quality rose water is golden yellow in color with a slightly smoky fragrance and effervescent, with many small air bubbles appearing when the vial is shaken.
