

How will solar energy be produced in Palau?

Solar electricity will be produced by a hybrid 15.3 MWdc (13.2 MWac) solar photovoltaic (PV) plus 10.2 MWac/12.9 MWh battery energy storage system facility. Extensive safeguards to protect Palau's pristine environment SPEC did not leave any stone unturned to protect the pristine Palau ecosystem.

What is the Palau solar battery project?

The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency, a major step towards its ambitious goal of 100%.

How much solar PV is needed in Palau?

The results show that on top of the 2.5 MW of solar PV currently present in Palau, an additional 83 MW of solar PV and 20 MW of wind turbines would be required for such a system. Furthermore, this scenario would necessitate a battery storage system of 168 MWh and battery inverters of 34 MW.

Where is Palau's first solar power plant located?

We're proud to have supported the establishment of Palau's first utility-scale solar power plant at Ngatpangon Babeldaob. energy storage system, was undertaken by Solar Pacific Pristine Power, a privately owned company.

What will Palau's solar PV project do?

The project, which is also Palau's first grid-scale solar PV plant, will contribute significantly to the country's nationally self-determined contribution to meeting global climate targets as agreed in the Paris Accord. These include reaching 35% renewable energy, and reducing energy sector emissions to 22% below 2005 levels, by 2025.

Does Palau have a good power system?

The calibration model representing Palau's current power system also confirms this dominance of fossil fuels and the low share taken by renewable energy.

Suntech solar panel has power production capabilities up to 325W. Systems are tested against salt mist corrosion and have been approved for increased wind & snow loads. They produce tier 1 solar panels with a 12-year product warranty, a 25-year performance warranty and a positive power tolerance of 0/+5%.
