

What is Pixii Powershaper?

The Pixii PowerShaper is a modular battery energy storage system that optimizes energy use, helping you avoid costly grid upgrades. It comes with smart functionality like time shift and peak shaving to reduce your energy cost by storing power during low-demand periods.

What is the warranty on the Pixii Powershaper?

Outdoor use, IP55, ventilated cabinet. Warranty extension (paid) up to 10 years. Prices on request. The Pixii Powershaper hybrid storage solution is unique on the market and allows a wide range of applications (optimization of self-consumption, anti-black-out, micro-grid, off-grid).

What is Pixii power shaper?

Pixii Power Shaper is most flexible BESS on the market today featuring maximum control of your energy consumption and production. Battery system allows you to charge batteries when energy is cheap and widely available and then use it when energy prices are skyrocketing. You will "earn" the price difference.

What is Pixii modular energy storage?

With cutting-edge technology, the Pixii modular energy storage solution gives you a range of functionality, allowing you to unleash your growth potential. I agree to receive other communications from Pixii AS.

What is a pixiibox 48V bi-directional inverter-rectifier?

Endowed with a unique modularity thanks to the unparalleled compactness (3 KG /3.3 kVA) of the Pixiibox 48V bi-directional inverter-rectifiers, the latter are at the heart of the Pixii Powershaper system and provide several functions: Discharge of batteries to the network and/or to downstream consumers.

Which batteries are compatible with pixiibox inverters?

Pixiibox inverters not only allow wide compatibility with a range of 48V CANBUS lithium batteries (LG CHEM, Polarium), but also the support of 48V batteries without BMS (LTO Zenaji batteries, etc.) thus allowing great flexibility in the choice of possible configurations.
