

Polskie i angielskie biura kancelarii Eversheds Sutherland doradzały Johnson Matthey plc w międzynarodowej transakcji sprzedaży Johnson Matthey Battery Systems sp. z o.o. na rzecz niemieckiej grupy Prettl.

Transforming our energy systems is all about moving away from fossil fuels and finding sustainable ways to power our world. Driven by the devastating impact of climate change and increasing global concerns around energy security, the demand for sustainable fuels is expected to grow significantly over the next 20 years.

The Prettl Group acquires Johnson Matthey Battery Systems to open up new business opportunities in the field of lithium-ion battery systems. Scroll to top +49 (0)30 6392 8283; LessySTAR ... Design a complete battery system, ensuring high performance and quality. Secure component sourcing for battery cells and other components. Create in-house prototypes at each stage of ...

OverviewTechnologyHistoryAutomotivePower toolsElectric bikesMobile powerSee alsoJohnson Matthey Battery Systems is independent of cell suppliers, allowing the company to deploy a range of cell chemistry for its automotive products. Currently, it works mainly with Lithium Iron Phosphate and Lithium NCM (Nickel Cobalt Manganese) chemistries. It is also working on a project to develop a high energy density Transition metal oxide/Silicon alloy battery for PHEV (Plug-in Hybrid Electric Vehicle) applications.

Axeon brought its applications engineering expertise in battery systems to Johnson Matthey, strongly complementing Johnson Matthey's existing materials science and research and development expertise.

Our advanced battery management systems (BMS) provide robust electronic protection, guaranteeing flawless use of the application. The battery management system is a basic component of a battery pack with multiple cells. It monitors ...

World-class technology and solutions are at the heart of our business. Our advanced battery management systems (BMS) provide robust electronic protection, guaranteeing flawless use of the application.. The battery management system is a basic component of a battery pack with multiple cells. It monitors the battery status by measuring and controlling key operating ...

In October 2017, Cummins announced the acquisition of Brammo, which is known for designing and developing low-voltage battery packs for mobile and stationary applications. With the addition of Johnson Matthey Battery Systems high-voltage battery expertise, Cummins now has capability across the entire range of energy storage options.

Johnson Matthey Battery Systems (JM Battery Systems) is a leading supplier of batteries for electric and hybrid vehicles. The company has deployed SAP solutions at its manufacturing site in Poland since 2014. However, JM Battery ...

Polskie i angielskie biura kancelarii Eversheds Sutherland doradzały Johnson Matthey plc w międzynarodowej transakcji sprzedaży Johnson Matthey Battery Systems sp. z o.o. na rzecz niemieckiej grupy Prettl. Polska część transakcji zajmował się zespół warszawskiego biura Eversheds Sutherland, kierowany przez Grzegorza Barszcza (counsel, M& A), kt&#243;ry ...

The Polish and English offices of law firm Eversheds Sutherland advised Johnson Matthey plc in the international transaction for the sale of Johnson Matthey Battery Systems sp. z o.o. to the German Prettl Group.

Johnson Matthey Battery Systems, part of the Johnson Matthey group and formerly known as Axeon, develops and manufactures battery systems for a number of applications, including performance ...

Johnson Matthey Battery Systems will also exhibit at The Battery Show in Detroit from 16-18 September where, as well as presenting on performance hybrid vehicle batteries, it will display some of its newer low voltage battery technologies for ...

Johnson Matthey Battery Systems schreibt eine 25j&#228;hrige Firmengeschichte. Das Unternehmen entwickelt, konstruiert und produziert fortschrittliche Lithium-Ionen-Batteriesysteme f&#252;r verschiedenen Anwendungen wie E-Bikes, AGVs & AMRs, industrielle Reinigungsger&#228;te und Elektrowerkzeuge. Die Produktionsst&#228;tte befindet sich in Gliwice in der ...

Johnson Matthey Battery Technologies combines expertise in applications engineering, materials science and electrochemistry that provides a unique offering to the growing Li-ion cell industry. We expect our Battery Technologies business will deliver sales in excess of &#163;100 million in 2015/16 and break even excluding integration costs in that ...
