Join us at Emaldo Webinars, where the future of green energy comes to life. We are planning our 2024 webinars. Stay updated by signing up for our newsletter!

Pulsed-power generators store electrical energy, compress it in time and space, and deliver it as a strong, fast and short high-power pulse. In a pulsed-power machine, low-power electric energy from just a wall plug can be stored in an electrical bank and leave as a compressed pulse of power. The duration of the pulse is increasingly shortened ...

The secret to our success is our patented pulse waveform, which removes and prevents the buildup of lead-sulfate deposits on battery plates. That primes the battery to accept and store maximum power. For you, this means: Peak performance and three times more battery life; More efficient, resilient, and environmentally responsible equipment

Power Pulse Solutions can help install your data points so you can relax knowing that your equipment is going to run as it should and at the highest performance quality. We offer an emergency electrical service which is available 24 hours a ...
