

# Ranking of overseas energy storage companies

Which Chinese energy storage manufacturers are the best for 2023?

In a highly anticipated release, Black Hawk PV has disclosed the top ten rankings of Chinese energy storage manufacturers for 2023. Leading the pack is CATL with an impressive 38.50% market share and a robust shipment volume of 50 GWh.

Which energy storage projects shipped the most in 2023?

As for small-scale energy storage projects, CATL, REPT, EVE Energy, BYD, and Great Power shipped the most. The top 5 list remained unchanged in the first three quarters of 2023.

How will the energy storage industry change in 2023?

As we approach the end of 2023, the energy storage industry is undergoing a transformative journey, marked by significant shifts in market dynamics, fluctuations in raw material prices, and ambitious global expansion strategies.

Which energy companies have the most GWh shipments?

BYD and EVE Energy followed closely each with shipments of over 25 GWh, while REPT BATTERO and Hithium each ranked fourth and fifth with shipments of over 15 GWh. Despite intense price competition, the leading companies demonstrated significant cost control advantages, reinforcing the "the strong get stronger" pattern.

Where will stationary energy storage be available in 2030?

The largest markets for stationary energy storage in 2030 are projected to be in North America (41.1 GWh), China (32.6 GWh), and Europe (31.2 GWh). Excluding China, Japan (2.3 GWh) and South Korea (1.2 GWh) comprise a large part of the rest of the Asian market.

Why is Panasonic a leading energy storage company?

Thanks to a wide and varied portfolio of solutions, Panasonic has positioned itself as one of the leaders in the energy storage vicinity. Panasonic is one of the industry's top names due to its advances in innovative battery technology alongside strategic partnerships and extensive experience in manufacturing high-quality products.

The five largest battery energy storage system (BESS) integrators have installed over a quarter of global projects. Mainland China battery storage market has experienced drastic growth since 2022 and is ...

Swiss electrical equipment supplier ABB is a major energy storage solutions provider for renewable energy grid integration. The company offers turnkey energy storage systems for connection to medium- or high ...
