

What is rsm144-9-550m solar panel?

The Risen RSM144-9-550M solar panel is designed for high efficiency, offering a maximum power output of 550W. This makes it an excellent choice for both residential and commercial solar systems. With a higher energy yield compared to many other solar modules, this PV module helps to optimize energy production and reduce system costs.

What is a risen rsm144-9-550m solar panel?

Please log in or register to see our prices! The Risen RSM144-9-550M silver frame solar panel is a highly efficient product in the solar energy market. Manufactured by Risen, a global leader in solar technology, this PV module is known for its performance, durability, and reliability.

Why is rsm144-9-550m a good choice for solar wholesalers & distributors?

The Risen RSM144-9-550M offers high efficiency at an affordable cost, making it an attractive option for solar wholesalers and distributors. By offering Risen modules, PV distributors can provide top-tier products while maintaining competitive pricing, appealing to a wide range of customers.

With its advanced PERC Mono technology, the Risen RSM144-9 delivers an impressive power output of 550W, ensuring maximum energy generation even in low-light conditions. Its 144 half ...

El panel Risen silver frame 144 células RSM144-9-550M es un modulo fotovoltaico monocristalino de
550W y de 144 células partidas y tecnología PERC. Destaca por su gran rendimiento y
durabilidad y su alta eficiencia 21,3%. Tiene un marco de 35mm y un grado de protección IP68.
Garantía de 12 años de producto y 25 de producción.
